[Approved by Governor October 3, 2013. Filed with Secretary of State October 3, 2013.]

LEGISLATIVE COUNSEL'S DIGEST

AB 60, Alejo. Driver’s licenses: eligibility: required documentation.

(1) Existing law requires the Department of Motor Vehicles (DMV) to require an applicant for an original driver’s license or identification card to submit satisfactory proof that the applicant’s presence in the United States is authorized under federal law. Existing law prohibits the department from issuing an original driver’s license or identification card to a person who does not submit satisfactory proof that his or her presence in the United States is authorized under federal law.

This bill would require the department to issue an original driver’s license to a person who is unable to submit satisfactory proof that the applicant’s presence in the United States is authorized under federal law if he or she meets all other qualifications for licensure and provides satisfactory proof to the department of his or her identity and California residency. The bill would require the department to adopt emergency regulations, in consultation with appropriate interested parties, as prescribed, to implement those provisions, including identifying documents acceptable for the purposes of providing identity and California residency and procedures for verifying the authenticity of the documents. The bill would require the department to accept various types of documentation for this purpose. The bill would require a license issued pursuant to those provisions, including temporary licenses, to include on the front of the card a recognizable feature and a specified notice. The bill would authorize the department to modify these licenses if these licenses do not meet federal requirements. The bill would provide that information collected pursuant to those provisions is not a public record and shall not be disclosed by the department, except as required by law.

This bill would make it a violation of law to discriminate against an individual because he or she holds or presents a license issued under these provisions. The bill would require, on or before January 1, 2018, the California Research Bureau to compile and submit to the Legislature and the Governor a report that, among other things, includes instances when these licenses are used to discriminate against an individual. The bill would provide that a person applying for a license pursuant to these provisions
may be required to pay, only until June 30, 2017, an additional fee to offset
the reasonable administrative costs of implementing these provisions. The
bill would make other technical and conforming changes.

(2) Existing law requires the department to require an application for a
driver’s license to contain the applicant’s social security number and any
other number or identifier determined to be appropriate by the department.
Existing law authorizes an applicant who provides satisfactory proof that
his or her presence in the United States is authorized under federal law, but
who is not eligible for a social security number, to receive an original driver’s
license if he or she meets all other requirements for licensure.

This bill would authorize an applicant who is unable to provide satisfactory
proof that his or her presence in the United States is authorized under federal
law to sign an affidavit attesting that he or she is both ineligible for a social
security number and unable to submit satisfactory proof that his or her
presence in the United States is authorized under federal law in lieu of
submitting a social security number. The bill would prohibit the use of this
information to consider an individual’s citizenship or immigration status as
a basis for a criminal investigation, arrest, or detention.

This bill would make these changes operative on January 1, 2015, or on
the date the director of the department executes a specified declaration,
whichever is sooner. The bill would make these provisions inoperative on
the effective date of a final judicial determination made by any court of
appellate jurisdiction that any of these provisions, or their application, are
enjoined, found unconstitutional, or held invalid for any reason. The bill
would require the department to post this information on its Internet Web
site.

This bill would state that its provisions do not authorize an individual to
apply for, or be issued, a commercial driver’s license without submitting
his or her social security account number with his or her application.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
(a) According to a report by the AAA Foundation for Traffic Safety, car
crashes rank among the leading causes of death in the United States.

(b) Previous studies done by the foundation have found that approximately
one in five fatal crashes in the United States involve an unlicensed or
invalidly licensed driver.

(c) The California Department of Motor Vehicles, Licensing Operations
Division, Research and Development Branch has stated that unlicensed
driving is a major California safety problem.

(d) In a report titled, “Estimating the Exposure and Fatal Crash Rates of
Suspended/Revoked and Unlicensed Drivers in California” published in
Accident Analysis and Prevention, 29(1), the Department of Motor Vehicles
estimates that 12 percent of the drivers on the road do not have valid driver’s
licenses.
In the State of California, there are potentially 1.4 million drivers who are unlicensed and uninsured.

It is our responsibility to ensure that all California drivers are properly trained, tested, and insured in order to make our roads safer.

In order to meet the operative date established in this act, it is necessary for the California Department of Motor Vehicles to promulgate regulations pursuant to the emergency rulemaking process.

The California Department of Motor Vehicles currently issues approximately 900,000 original driver’s licenses annually, and estimates there will be an additional 1.4 million original driver’s license applicants over a three year period under the provisions of this act.

To provide services to this added volume of original driver license applicants, the California Department of Motor Vehicles must undertake significant and costly activities, including, among others, the hiring of additional temporary staff, the training of existing and additional temporary staff, and obtaining and preparing new temporary facilities to process the applications.

The California Department Motor Vehicles must promulgate regulations to determine the appropriate documentation necessary to prove identity and California residency under the provisions of this act, and procedures for verifying the authenticity of the documentation.

The California Department of Motor Vehicles must also modify driver licenses issued under this act to satisfy the requirements of Section 37.71 of Title 6 of the Code of Federal Regulations, adopted pursuant to paragraph (11) of subdivision (d) of Section 202 of the Real ID Act of 2005 (Public Law 109-13).

Therefore, the California Department of Motor Vehicles may assess an additional fee to applicants applying under the provisions of this act in an amount sufficient to offset the reasonable costs of implementing the provisions of the act. If this additional fee is assessed, it shall be assessed only until June 30, 2017.

SEC. 2. The Legislature further finds and declares all of the following:

(a) The holder of a driver’s license issued pursuant to Section 12801.9 shall not by reason of that driver’s license be treated in a discriminatory manner pursuant to the Unruh Civil Rights Act (Section 51 of the Civil Code) or any other law.

(b) A driver’s license issued pursuant to Section 12801.9 shall not be used as evidence of the holder’s citizenship or immigration status, and shall not be used as a basis for a criminal investigation, arrest, or detention in circumstances where a person with a driver license that was not issued under Section 12801.9 would not be criminally investigated, arrested, or detained.

(c) The State of California is in the process of demonstrating its compliance with the requirements of the REAL ID Act of 2005 (Public Law 109-13).

(d) (1) A license issued pursuant to this section, including a temporary license issued pursuant to Section 12506, shall include a recognizable feature on the front of the card, such as the letters “DP” instead of, and in the same font size as, the letters “DL,” with no other distinguishable feature.

(2) The license shall bear the following notice: “This card is not acceptable for official federal purposes. This license is issued only as a license to drive a motor vehicle. It does not establish eligibility for employment, voter registration, or public benefits.”

(3) The notice described in paragraph (2) shall be in lieu of the notice provided in Section 12800.5.

respect to licensing, motor vehicle registration, and financial responsibility.

(h) It shall be a violation of law, including, but not limited to, a violation

under this section.

(i) Information collected pursuant to this section is not a public record
and shall not be disclosed by the department, except as required by law.

(j) A license issued pursuant to this section shall not be used to consider
an individual’s citizenship or immigration status as a basis for a criminal
investigation, arrest, or detention.

(k) On or before January 1, 2018, the California Research Bureau shall
compile and submit to the Legislature and the Governor a report of any
violations of subdivisions (h) and (j). Information pertaining to any specific
individual shall not be provided in the report.

(l) In addition to the fees required by Section 14900, a person applying
for an original license pursuant to this section may be required to pay an
additional fee determined by the department that is sufficient to offset the
reasonable administrative costs of implementing the provisions of the act
that added this section. If this additional fee is assessed, it shall only apply
until June 30, 2017.
